Dear Mr. Wilkineon:

I have your favor of even date with draft of the Constitution and By-Laws for the Public Accountants' Club.

My suggestions are shown in pencil, and embrace the following:

Take out of Article II all except the first two lines. Substitute a little something for what you have under "C", Section 1, of the next Article. Strike out all of Section 8, under Article on page 5. Insert "it" instead of "same" in a few cases.

I think you are to be congratulated on so able a preparation.

Yours very truly

Enclosure.

Mr. George Wilkineon,
52 Broadway, New York.
